CUSTOMERS CERTIFICATION OF INFORMATION

I certify that the above information is correct and that, to the best of my knowledge, there are no other constituents in the waste stream other than that stated above.

I am aware that an inadequate description of the above waste stream could lead to the waste being packaged, transported, and disposed of illegally.

Please note the "Treatment" referred to above must be a physical/chemical/thermal or biological process including sorting that also changes the characteristics of the waste and must do so in order to:

- a) Reduce its volume, or
- b) Reduce its hazardous nature, or
- c) Facilitate its handling, or
- d) Enhance its recovery
